MUNICIPAL AFFAIRS

*Office of the Minister  
MLA, Calgary-Hays*

AR117795

February 27, 2025

Dear Chief Elected Officials:

I am writing to share information with you about *Budget 2025*, tabled in the Alberta Legislature by my colleague, the Honourable Nate Horner, President of Treasury Board and Minister of Finance. Below are some details relevant to Alberta Municipal Affairs.

*Budget 2025* is meeting the challenges facing Alberta with responsible decisions to fund today's priorities, investing more than \$1 billion to build stronger communities provincewide. Through these investments, my ministry will continue to support local governments in providing fiscally responsible, collaborative, and accountable services to Albertans.

Last year, Municipal Affairs introduced the Local Government Fiscal Framework (LGFF), delivering predictable capital infrastructure funding to municipalities and Metis Settlements across Alberta. The LGFF represents years of collaboration between the province and local governments, replacing the Municipal Sustainability Initiative with a modern and predictable model.

LGFF funding allocations for the 2025/26 fiscal year have been known to communities for several months. Thanks to the LGFF's revenue index factor, which ties the funding level to provincial revenue from three years prior, *Budget 2025* increases LGFF capital funding by more than 13 per cent, from \$722 million to \$820 million. This increase will help your communities achieve their local infrastructure priorities. *Budget 2025* also maintains LGFF Operating funding at \$60 million to assist with operational costs and help respond to inflationary pressures. This grant was doubled in 2023 to reflect lost municipal revenue through the Grants in Place of Taxes program.

*Budget 2025* also increases funding for the Grants in Place of Taxes program (GIPOT). Over the last few years, we heard loud and clear from municipalities that have provincially run buildings within their boundaries about the need for stronger recognition of the impact provincial properties have on municipal services. Starting in the 2025/26 fiscal year, GIPOT will be paid to municipalities at 75 per cent of the property tax amount that would be owed if the properties were subject to municipal taxation. Next year, in 2026/27, GIPOT will be fully restored to 100 per cent.

.../2

In light of these increases, the Local Growth and Sustainability Grant (LGSG) program will not continue. Introduced in *Budget 2024*, this three-year, \$60-million grant program aimed to alleviate pressures in fast-growing communities. We received numerous applications from municipalities for the initial \$20 million in LGSG funding allocated in 2024. Those funds will still be distributed, with successful applicants notified by the end of March 2025. However, after careful consideration, our government made the difficult decision to discontinue the LGSG program for *Budget 2025* and focus the investment of taxpayer dollars into other areas, including a comprehensive capital plan to enhance public infrastructure.

As in previous years, *Budget 2025* includes capital support through the federal Canada Community-Building Fund and Investing in Canada Infrastructure Program. We are also maintaining funding levels for public libraries, with more than \$33 million going toward operating grants across the province.

*Budget 2025* is meeting the challenge of the cost of living by helping families keep more money in their pockets through lower personal income taxes and continuing investments in education and health care. Our municipal partners are integral to our work. As we face global uncertainties, I look forward to working together over the next year as we continue to build strong, vibrant, and sustainable communities that help keep our province the best place in Canada to live, work, and raise a family.

Sincerely,

Ric McIver  
Minister

February 26, 2025

Dear Chief Elected Officials/Associations/Library Boards/Regional Services  
Commissions/Municipally Controlled Corporations:

In May 2024, our government passed the *Provincial Priorities Act* to establish a process for provincial oversight of agreements between provincial entities and the federal government. The *Act* will come into force on April 1, 2025, and will ensure Ottawa is not undermining the province's jurisdiction to make decisions about what is best for Alberta and Albertans. Under the *Act*, provincial entities, such as municipalities, are required to obtain prior approval from the Alberta government before entering into, amending, or renewing an agreement with the federal government.

Throughout last summer, Alberta's government led a comprehensive stakeholder engagement with provincial entities to inform the supporting regulations. The Provincial Priorities Regulation (attached), which also comes into force on April 1, 2025, designates additional municipal entities that are subject to the *Act*. These entities include library boards, regional services commissions, municipally controlled corporations, and any entity that is established by bylaw, with the exception of business improvement areas. In addition, the regulation sets out the approval process for proposed intergovernmental agreements and includes some exceptions for the municipal sector where no provincial approvals will be needed. Examples of these exceptions include agreements under \$100,000, agreements that are in-kind contributions only, agreements with the Canadian Armed Forces, and agreements for disaster response and assistance; these will not require provincial approval.

Effective April 1, 2025, municipalities and municipal entities will be required to submit information on all new agreements with the federal government, agreement amendments and agreement renewals, along with a copy of the agreement, to Municipal Affairs, regardless of the monetary value of the agreement. Information on agreements eligible for an exception must also be submitted to Municipal Affairs in order for the exception to apply. Additional details on the process for submitting required information on federal agreements to Municipal Affairs will be shared in March.

I am looking forward to working together with you to ensure Alberta municipalities maintain access to federal dollars while protecting areas of provincial jurisdiction.

Sincerely,

Ric McIver  
Minister

INSURE VERBAL AGREEMENTS ARE IN WRITING

CONDITIONS OF SALE  
THE PARTIES AGREE THAT:

1. The Motor Vehicle

The motor vehicle described herein includes the motor vehicle as described on the front side of this agreement, together with all attachments, accessories, options and additions thereto whether attached, affixed or installed on the motor vehicle before or after the date of this Agreement, and all proceeds directly or indirectly derived from any dealing with the motor vehicle or the proceeds of the motor vehicle, and such proceeds include, without limitation other motor vehicles, money, cheques, deposit accounts, securities, chattel paper, documents of title, or instruments, boats, mobile homes, trailers, aircraft, any authorized vehicle of any kind or description, any proceeds of insurance, or any other identifiable or traceable personal property fixtures or otherwise.

2. Condition of Motor Vehicle

The Dealer does not warrant or guarantee as to year, model, mileage, odometer reading or otherwise with respect to any used motor vehicle sold herein unless an express written representation is made to the contrary.

3. Canada's Anti-Spam Legislation (CASL) Consent Form

The Dealer also requires your consent to send you emails and other electronic messages outlining its products, services, events, contests and other offers. Providing your consent now is the simplest way to ensure you continue to receive such information.

You can provide your consent by initialing beside the box below:

Yes, I consent.

You may withdraw your consent at any time by contacting the Dealer and asking to speak with the Dealer's Privacy Officer.

4. Privacy Policy

The Dealer has instituted this Privacy Policy (the "Policy") in accordance with the *Personal Information Protection Act*, SA 2003, c P-6.5, as amended. In accordance with this Policy, the Dealer may collect, use and disclose your personal information (including, without limitation, your name, address, telephone number, email address, age, sex, financial information, educational history etc.) for any or all of the following purposes:

- To perform the services required or contemplated by this agreement or any document used in connection herewith;
- To keep you informed regarding service, parts and manufacturer information in respect of the vehicle described herein;
- To disclose your personal information to the manufacturer of the vehicle described herein for the purposes of servicing your vehicle, vehicle information notices, recalls and vehicle warranties; and
- To disclose your personal information to third party service providers with which the Dealer has relationships to assist you in assessing and/or accessing options for obtaining financing, leasing alternatives, credit insurance, extended warranties and/or other products provided by them through our dealership, including after-sale communication relating to such products or services.

In addition, unless you withhold your consent by initialing beside (e) or (f) below, the Dealer may also collect, use and disclose your personal information for the following purposes:

- The Dealer's advertising and marketing efforts; and
- To disclose your personal information to the manufacturer of the vehicle described herein and third parties you have chosen to contract with for use by such manufacturer or other third party for their advertising and marketing efforts.

At any time, you may withdraw your consent to the collection, use and disclosure of your personal information for any or all of the purposes listed above. If you withdraw your consent, you may not receive important information about your vehicle, including, without limitation, recall and warranty information.

To withdraw or vary your consent, you must contact the Dealer and ask to speak with the Privacy Officer. If you withdraw your consent, the Dealer will immediately cease collection, use and disclosure of your personal information and advise any third parties to which the personal information was disclosed. However, a withdrawal of consent will not operate to the extent it would frustrate the performance of legal obligations of the Dealer or any other person who obtained your personal information in accordance with this Policy.

The Dealer will refrain from collecting, using or disclosing your personal information except in accordance with this Policy. If you have any questions or concerns regarding this Policy or the collection, use and disclosure of your personal information, you may contact the Dealer's Privacy Officer.

5. Warranties

The motor vehicle will be covered, in the case of a new vehicle, by the manufacturer's New Vehicle Warranty delivered to the Purchaser with the motor vehicle, and in the case of a used vehicle, the warranty, if any, delivered to the Purchaser in writing with the used motor vehicle. Subject to the above, there are no other warranties, guarantees or representations, expressed or implied with respect to the motor vehicle. If the motor vehicle is being sold pursuant to this Agreement as a used motor vehicle, the Purchaser specifically waives the provisions of the Sale of Goods Act, R.S.A. 1980 c. S-2 and amendments thereto, with respect to any warranties, conditions, and representations, whether expressed or implied or otherwise and warrants that no representation to the contrary has been made by the Dealer, its servants or employees with respect to the motor vehicle to induce the Purchaser to enter into this Agreement. The purchaser further acknowledges that he has inspected the motor vehicle and it is satisfactory in every respect and hereby accepts the motor vehicle on an "as is" basis without warranty or guarantee except as provided by the Dealer to the Purchaser in writing.

6. Title

Right, title and ownership to the motor vehicle shall not pass to the Purchaser until the Purchaser has paid in full the "Total Balance Due" as described on the front of this Agreement. In addition to the Dealer's other legal rights under this Agreement, the Purchaser also hereby grants, assigns and conveys to the Dealer and acknowledges that the Dealer shall have and retain a security interest in the motor vehicle and the proceeds thereof in accordance with all applicable laws until the Total Balance Due is paid in full.

7. Default in Payment

If the Purchaser defaults in the payment of any amount due hereunder, or defaults in the performance of any obligations hereunder, or if a proceeding in bankruptcy, a receivership or insolvency is instituted by or against the Purchaser, or a receiver is appointed judicially or otherwise affecting the Purchaser or the Purchaser's property, or should the Dealer deem itself insecure:

- any unpaid balance of the Total Balance Due shall immediately come due and payable;

- the Dealer may take possession of the motor vehicle and resell the motor vehicle in accordance with and subject to the applicable legislation without further notice; and
- the Dealer may retain any payments that it has received prior to the repossession and resale as liquidated damages and not as a penalty.

8. Cancellation of Agreement

If this agreement is cancelled by the mutual consent of the parties or, if the Dealer is unable to deliver the motor vehicle within an amount of time mutually agreed upon by the parties after the date of this agreement, this agreement may be cancelled by either party here to upon notification to the other, and in such event the Dealer shall return to the Purchaser:

- deposits, partial payments and down payments made if any; and
- any trade-in vehicle accepted as part of payment, or if such trade-in vehicle has been sold, the lesser of either:
  - the net proceeds therefrom based on the actual selling price of the trade-in less reasonable costs of repairs, parts, handling, storage expenses and reasonable selling commission; or
  - the value of the trade-in vehicle as set out on the reverse side hereof.

The return of the partial payment and/or the trade-in vehicle, if any, or the net proceeds or the value thereof as set out above, shall be a release of all claims whatsoever which the Purchaser may have or claim to have against the Dealer for or by reason of such non-delivery, without any further or other releases from the Purchaser.

9. Acceptance by the Purchase

The Purchaser agrees to accept delivery of the motor vehicle and to comply with the terms of payment thereof within seven days after notification to him that the motor vehicle is ready for delivery. If the Purchaser does not accept delivery and comply with the terms of payment within seven days of such notification then the Dealer may charge his reasonable expenses (including loss of profits) to the Purchaser in connection with this Agreement and the Purchaser agrees to pay such amounts forthwith. In addition to any other remedy which the Dealer may have against the Purchaser for such expenses, the Dealer may set-off such expenses against any partial payment or trade-in vehicle accepted as part payment or the proceeds therefrom if and when sold, and the Dealer shall be entitled to dispose of the motor vehicle without any liability whatsoever of the Dealer to the Purchaser.

10. Trade-In Motor Vehicle

The Purchaser represents and warrants that the Purchaser is the owner and has title to any trade-in vehicle used as part of the payment of the Total Cash Sale Price, free and clear of all liens, charges and encumbrances, except as specifically set out on the front of this Agreement. The Purchaser agrees that if the trade-in vehicle accepted as part of the payment is not delivered to the Dealer on or before the signing of this Agreement, the Dealer may reappraise the trade-in vehicle upon actual delivery so as to ensure that there are no material changes in the condition of the trade-in vehicle, either physically or economically, from the date of this Agreement and the date of delivery of the trade-in vehicle. If, in the sole discretion of the Dealer, there is a material change with respect to the trade-in motor vehicle, the amount allowed for the trade-in vehicle shall be its reappraised value and the Purchaser shall pay the Dealer the difference amount of such trade-in vehicle stated on the reverse hereof and the amount of such reappraised value. If the Purchaser is not satisfied with such reappraisal then the Purchaser may cancel this Agreement and thereupon shall forthwith pay to the Dealer the Dealer's reasonable costs, charges and expenses of and incidental to this Agreement and failing such payment the Dealer may, in addition to any other rights and remedies the Dealer may have against the Purchaser set-off such reasonable costs, charges and expenses against any partial payments and against any other trade-in vehicle accepted as payment.

11. Insurance

The Purchaser agrees to insure the motor vehicle by collision and comprehensive insurance and maintain such insurance in the amount of the Total Balance Due as owing to the Dealer. The Purchaser shall furnish the Dealer with satisfactory evidence of such insurance, on request by the Dealer.

12. If the Dealer is unable for any reason to finance the contract or considers himself unsafe or insecure so far as the security of this Agreement is concerned, of which contingency the Dealer shall be the sole judge, or in case of default in the performance of any of the covenants by the Purchaser in this Agreement, then the whole of the balance then outstanding of the Total Balance Due shall immediately become due and payable without notice to the Purchaser and it shall be lawful for the Dealer by himself, his servant or agent at any time to enter in and upon any lands, tenements, houses and premises wheresoever the goods may be for the purpose of taking possession of and removing the said goods; and after taking possession of such goods it shall be lawful for the Dealer to sell the goods at public auction or by private sale. From the proceeds of such sale the Dealer shall in the first place reimburse himself for any sum due pursuant to this Agreement and all costs and expenses (including the costs, if any, of the solicitor of the Dealer) incurred by the Dealer by virtue hereof or in consequence of any default in the performance of any of the covenants herein, and in the next place to pay the Purchaser such surplus as may thereafter remain.

13. Future Delivery Conditions

If, between the date of this Agreement and the actual date of delivery of the motor vehicle there is a change:

- in taxes imposed by the appropriate taxing authorities with respect to the sale of motor vehicles; or
- in the price of the motor vehicle charged by the manufacturer;

Then the "Total Cash Sale Price" as described on the front of this Agreement shall be adjusted by a corresponding amount.

14. Errors

If there has been an error by the Dealer in any calculation or any other matter on the front side hereof or in connection with the sale of the motor vehicle described herein, the Purchaser agrees to allow the Dealer to correct the error forthwith and if the correction requires any amount to be paid by one party to the other, such amount shall be paid immediately.

15. Copy of Agreement

The Purchaser acknowledges receipt of a copy of this Agreement, waives rights to receive a copy of any financing statement, financing change statement or verification statement in respect of the motor vehicle and authorizes the Dealer to provide any person with a copy of this Agreement and any information contained herein or arising herefrom.

16. Agreement Binding

This Agreement is binding upon the heirs, executors, administrators, successors and assigns of the parties.
